

## **PARENTS' CHECKLIST**

1. Make sure your child has washed or sanitised their hands before they leave the house.
2. Ensure that your child only brings essential items and equipment to school. No toys or personal items please.
3. Please do not send your child to school with their own hand sanitiser. The school has ample supplies and dispensers. This will reduce the risk of a child ingesting hand gel, which could cause serious illness.
4. Maintain 2m+ from other parents and children on your journey to and from school, and on the school grounds.
5. Aim to be entering the school grounds no more than a couple of minutes before the door opening time for your child's bubble.
6. Follow the one-way system, even if this means leaving through the car park and walking back onto the grounds up the front path after you have handed over one child, in order to take other children to their bubble entry door.
7. Please put on a face mask or covering when you enter the front gate, until you leave the grounds through the car park gate.
8. Please do not wait in areas that are walkways for parents.
9. If the area where you need to wait is already congested, please find a suitable place to wait until the area has started to clear.
10. Your child should come to school in their kit on the day when it is P.E. with a change of footwear with them.
11. Please immediately report any suspected case of Covid-19 either in your child, another member of the household or anyone that your child has been in close contact with.
12. Your child should remain off school until any Covid-19 test result, taken by them or a close contact is known.
13. Please check the Mobile App and the school website regularly for any updates.
