

REGULAR LATE ARRIVAL FOR SCHOOL – IS IT OKAY?

The simple answer is no. If you allow your child to regularly arrive even 5 or 10 minutes late for school, you will be having a significant negative impact on their learning.

Arriving late means that your child will miss the crucial time at the start of the lesson, and this means that they will not be aware what the lesson is about.

In addition, no child likes walking into the classroom when the lesson has already started. That find this stressful, and it also interrupts the learning of the children already there

Please ensure that your child is in the building by 9.00 a.m. so that they are able to be present for the start of the first lesson of the day.

Arriving 10 minutes late every day is the same as a child missing 31 hours (or 6 days) of school time over the course of a year.

CONGRATULATIONS!

Well done to our Year 5 and Year 6 Dance Club, who took part in a dance concert with a number of other schools this week. The girls and boys represented the school fantastically well, and experienced the thrill of performing in a theatre in front of a large audience.

PARENT - TEACHER MEETINGS:

You will have the opportunity to discuss your child's work and behaviour, with their teacher at the end of this term. The meetings will again be by telephone call. Your child's teacher will contact you via the year group email address in the next week with the arrangements.

NOROVIRUS

We have had a few children suffering sickness and diarrhoea in the past week. A child with sickness or diarrhoea must remain off school for 48 hours after the end of the symptoms as they are still able to pass on the virus during that time.
